A Carey Shingle in any Color

...for the NEW ROOF

...for the RE-ROOF

A color to suit *every* home-owner's taste—a colorful shingle to crown that home of yours with the glory of Nature's own soft hues. The rich radiance of Spring, the mellow influence of Autumn, blended by Carey's experts in home harmony.

Blushing reds and russets, blending blues and grays—Arcadian and silver greens, golden and chocolate browns.

...for the cottage

...for the small house

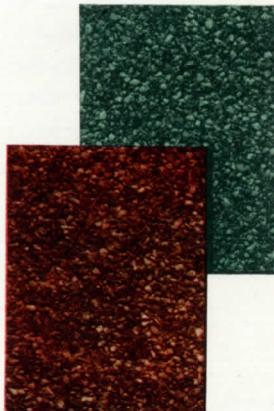

...for the large residence

For every type of architecture, for every size of home, Carey offers a complete line of colored shingles. For the roof that goes over the new home, for the new roof over the old.

See these Carey Shingles. Admire their color chromes. Then make your selection.

A Carey Shingle for *every* home in a **COLOR** to suit *your* taste

Carey **Asfalt slate Shingles**

offer the weather-protection of natural slate on a carefully selected base of felt, water-proofed with special blends of asphalts. Standard size, 9" x 12 $\frac{3}{4}$ "—super size, 12" x 15 $\frac{3}{4}$ ". Highly fire-retardant—approved by the Underwriters with a Class C Label. When laid standard size, 4 inches to the weather, or super size, 5 inches to the weather, they give a triple-thickness roof with a deep, dark shadow-line. And the small size, as well as the large size, of these "stay-put" Carey Asfalt slate Shingles comes in as many as 9 distinctive colors and several beautiful blends.

Carey *Square-Tab* *Strip* *Shingles*

three-tab shingle, 12" x 36"; four tab, choice of 10" x 36" or 12½" x 36". All are self-spacing, highly fire-retardant. All are available in distinctive color blends. Choose your smaller four-tab shingles from Indian red, Tile red, Empire green, Arcadian green, blue-black and other artistic color blends. Choose the three-tab or the larger four-tab from as many as 14 attractive solid colors and blends. For the new roof or the re-roof of the modest home, what could be more pleasing or economical?

Carey *Hexagonal* *Strip* *Shingles*

standard two-tab, 11½" x 36"; double-thick three-tab, 12" x 40"; extra heavy two-tab, 12½" x 36", especially recommended for re-roofing over old wood shingles. Fire-retardant, artistic, with pleasing shadow-lines. And colorful! Choosing from 9 distinctive Carey hues and color blends, you can work out the blend that appeals to your own individual taste.
